

ALLIES MAY FORCE FOES TO APPOINT ENVOYS

BIG PRICE AT FIRST SALE OF BREEDERS' ASSN.

Pure Bred Cattle on Sale Here Bring Big Bids.

Standing room is at a premium at the sale pavilion of the Rock River Valley Breeder's Sales company on Depot avenue this afternoon. The occasion is the fourth sale of pure bred Holsteincattle and the first sale to be held in the new pavilion. Upwards of 80 head of cattle were brought to Dixon to be sold in the ring at this sale.

The sale started about 11 o'clock this morning when about a dozen head of cattle were sold at an average price of between \$275 and \$300. When the sale opened this afternoon, the first cow to be led into the sale ring was the world record junior heifer, Superba Palmyra. Stock fanciers from all parts of the middle west who were in attendance to the sale and pure bred fancier expressed their appreciation at seeing a high-grade cow such as this by a storm of applause as she was led from the ring.

The first cow offered for sale in the prize ring, Fairview Korndyke Ray Apple 2d, sold in a very few minutes for \$2,600. A. W. Greene, of Peewaukee, Wis., one of the largest pure bred Holstein breeders in the country was present and purchased this cow. The animal headed the list of consignments from the E. M. Detweiler farm at Polo, which was the first string to open the afternoon selling. Ancestral Pledge, a three-year-old cow from the Detweiler herds sold to J. Wadsworth, of Palmyra, for \$1,500. Lynden Pledge Acme, a nine-year-old, went to Charles Hey, the bid being \$975.

Bidding was brisk, the offers were large and the attendance much greater than was anticipated. The stall room in the new pavilion was filled to its capacity making it necessary to put up a tent on a vacant lot in the rear of the pavilion where several head were accommodated.

AMERICANS WIN MOST POINTS IN OPENING EVENTS

Athletes from U. S. in Many Victories in French Meet.

By Associated Press Leased Wire
Pershing Stadium, France, Tuesday, June 24.—(Delayed.)—American athletes won five firsts, two seconds, a third and a fifth place in the first nine preliminary track event heats run off yesterday, the first day of the inter-allied games. In boxing, Americans won one bout and lost one.

New Zealand, with only four men entered in the track events, won three preliminaries. In the 100-metre dash the first heat was won by Teschner, Lawrence, Massachusetts; the second by Lindsay, New Zealand; the third by Sol Butler, Hutchinson, Kansas; the fourth by Howard, Canada; with Caste, France, second, and the fifth by Padock of Pasadena, California. These six men placed in the two semi-finals which were won by Lindsay and Padock in 11 seconds flat.

In the 1500 metre run, the first heat was won by Mason, New Zealand, with (Continued on Page 3.)

Ex-Kaiser Shocked By News of Peace; Assembly Denounced

By Associated Press Leased Wire
Amersong, Tuesday, June 24.(Delayed.)—News of Germany's decision to accept the peace terms, including the clause providing for the delivery of the former German emperor to the allies, reached the castle late yesterday evening. Exactly how the former emperor or took the tidings cannot be ascertained but the attitude of members of his party gives rise to the belief that the news was a considerable shock.

When the Associated Press correspondent talked with attendants they said the news was already known at the castle. They uttered seething criticisms of the German national assembly for its action. Evidently, they had held to the hope that some way would be found for the former emperor to return to Germany. Now, however, it is apparently realized that he is exiled forever.

The former monarch resumed his customary log swing at the usual hour.

Irish Campaign in Many Nations, Plan

By Associated Press Leased Wire
New York, June 25.—The activities of the Irish in their campaign for independence will not be confined to the United States, but will be extended to Canada and Australia. Eamonn De Valera, "president of the Irish republic," announced here today.

"We will float a portion of our loan in those countries," he said.

ARBITRATION AGREED UPON TO SETTLE ALL CLAIMS FOR OVERFLOW

Question to Be Submitted to Board of Three Men.

Permanent settlement of suits now docketed in the Lee County Circuit Court for damages alleged to have been caused lands along the river east of the city here because of the placing of 18-inch flash boards on the power dam here, and agreement on any damages that might be caused other land owners by raising the dam to a permanent height a foot and a half above the present level may be reached by arbitration of the questions before a Board of Arbitration which will convene for its initial session at the court house on Wednesday, July 2.

Thus a peaceful settlement may be reached in the litigation which was started by Attorney Harry Warner in behalf of Thomas Page, when he filed suit in the Lee Co. Circuit Court for an injunction restraining the Illinois Northern Utilities Company and the Reynolds Wire Co., joint owners of the dam and water power rights, from placing the flash boards on the dam.

Select Three Arbiters
Upon the suggestion of the owners of the dam that the questions and damages involved be submitted to arbitration the parties concerned agreed to submit the case to County Judge John B. Crabtree and Amos H. Bosworth of Dixon and John M. Egan of Amboy and incidentally all land owners who would be affected should the 18-inch addition to the dam be made permanent will submit their claims for damages.

It is believed by all parties concerned that satisfactory adjustment of all the damages to less than 50 acres which would be overflowed may be reached at the coming conference before the arbiters, and litigation which has been before the court for a number of years may be settled in a friendly way.

Attorney Henry S. Dixon and E. H. Brewster represent the dam owners in the proceedings now under way; Attorneys Harry Warner and H. A. Brooks appearing for land owners whose property it is claimed will be damaged. Among these are: Thomas Page, Hugh and Frank Bennett and George B. Stitzel.

Pershing Awarded Degree By Oxford

By Associated Press Leased Wire
Oxford, England, June 25.—General Pershing and Herbert C. Hoover represented the United States in a distinguished company of noted men from the allied countries who were honored today by Oxford university with degrees of doctors of civil law.

The event was rich in ceremonial pomp fostered by traditions of the institution. None of the spectators who crowded the theatre followed the proceedings with keener interest than a handful of American army students.

Degrees were conferred upon General Pershing, Hoover, Baron Makino, head of the Japanese peace conference delegation; Marshal Joffre, Vice Admiral Sir David Beatty, Field Marshal Sir Douglas Haig, Major General Sir Henry Hughes Wilson, chief of the British Imperial staff and Vice Admiral Sir Roselyn Wemyss, first sea lord. Former Premier Orlando of Italy and Premier Paderewski of Poland, received degrees by proxy.

FIRST FORTIFIED BORDER IS THAT ON RIO GRANDE

By Associated Press Leased Wire
Washington, June 25.—Completion of forts and housing accommodations along the Mexican border, undertaken by the war department to ameliorate the trials of the troops serving as patrols, will give the United States its first real fortified frontier.

Regularly established army posts along the international boundary now total more than two score, with probably as many more outpost positions, each accommodating a troop of cavalry or infantry platoon. The three-year watch of the American troops led the war department finally to decide that permanent housing should be furnished.

FALL RESOLUTION TO DECLARE WAR OVER IS HELD UP

Senate Committee Can Reach No Agreement on G. O. P. Bill.

By Associated Press Leased Wire
Washington, June 25.—After two hours' discussion today of the resolution of Senator Fall, republican, New Mexico, to declare a state of peace with Germany, the senate foreign relations committee adjourned without action.

Efforts to press the resolution at this time met with vigorous opposition, although it was said there was considerable sentiment among opponents of the league of nations in favor of bringing it to a vote later.

More Debate on League.
Discussion of the peace treaty and the league of nations developed in the senate during consideration of the army appropriation bill, Senator Borah, republican, Idaho, who declared the treaty a "guarantee of war." He said the "acid test" of the document was not its application of the principle of self-determination to the people of enemy countries, but to peoples dominated by the allies.

Ireland, Korea and Egypt, Senator Borah asserted, should have been given independence.

Imperialists Blocked Wilson.
"I am not criticizing the president for what he failed to do," said Mr. Borah. "He was prevented by the imperialistic designs of the European nations with which he was associated."

Borah spoke in reply to Senator Thomas, democrat, Colorado, who declared partisan politics involved in the Borah resolution recently adopted by the senate, requesting a hearing at the peace conference for representatives of the provisional Irish republic.

The vote by which the foreign relations committee postponed action on the Fall resolution was 12 to 4.

Senator Swanson, democrat, of Virginia, was understood to have made the motion to adjourn without action, and it was said to have been supported by Senators Lodge, Knox, Harring, McCumber, New and Brandegee, republicans, and Swanson, Hitchcock, Pomerene, Smith, Arizona; Pittman and Shields, democrats. Voting in the negative were Senators Fall, Borah, Johnson, California; and Moses, republicans.

Former Greek King Now in Switzerland Pressed for Money

By Associated Press Leased Wire
Paris, June 25.—(Havas.)—Former King Constantine of Greece, who has been living in Switzerland, is in financial difficulties, according to advices from Geneva. Former Emperor William had been supplying the former Greek ruler with funds, but this subsidy has been cut off.

Former King Constantine has been in financial straits for some time. A year ago a dispatch to the Temps of Paris said he was counting upon the marriage of his brother, Prince Christopher, to a wealthy American woman to aid him in financing his campaign for regaining his throne.

When Constantine abdicated June 12, 1917, he was temporarily granted an income of \$100,000 yearly. In March, 1918, the Greek budget commission refused him further pension. Since then he had been living on the bounty of the Hohenzollern family and on income that his wife, a sister of former Emperor William, derived from property in Germany. Since the German revolution it is probable this income has been reduced if not wiped out. While he was king of Greece, Constantine annually.

Switzerland also harbors several other former rulers whose incomes have been greatly reduced. Among them is former King Ludwig of Bavaria. The annual income of his family formerly was about \$1,250,000. King Ludwig and several of his children are in a monastery near Zurich.

Former Emperor Charles of Austria-Hungary is another royal exile whose income has decreased. Charles formerly had a civil list of more than \$5,000,000 annually.

The former imperial family of Russia, the survivors of whom are scattered, before the war had an income from the state of more than \$5,000,000. When the dowager empress and twenty other members of the royal house fled from the Crimea some time ago they were short of cash, although they had, it was reported, large quantities of jewelry.

Referee for Title Match May Be Named By Promoter Today

By Associated Press Leased Wire
Toledo, June 25.—Selection of a referee for the heavyweight championship contest between Jess Willard and Jack Dempsey here July 4, may be announced today.

Despite the plans of the boxing control board to have a referee and two judges decide the contest, it was regarded as almost certain today that the bout will be judged solely by a referee.

Boxing experts were agreed today that Dempsey, in his work yesterday showed vast improvement. He boxed six rounds.

Willard's workout was not impressive. He boxed ten tame rounds and did not extend himself at any time.

The money will be used to maintain the industrial and agricultural school and reconstruction hospital for soldiers at Mooseheart.

Montana Wool Sells at Record Price of 60 1/4 Cents a Pound

By Associated Press Leased Wire
Great Falls, Mont., June 25.—Announcement was made today by a representative of a Boston concern that he had purchased of one grower his clip of 41,000 pounds of wool at 60 1/4 cents a pound. This was said to be the highest price ever paid for wool in this vicinity.

OREGON PRICE ALSO RECORD.
By Associated Press Leased Wire
Bend, Ore., June 25.—The highest price paid in the state this year for range sheep fleeces was given today at the sale held by the Central Oregon Wool Growers' association, when the American Woolen Mills of Boston, paid 54 1/2 cents a pound.

The greater part of the total of 420,515 pounds sold went to supply eastern mills.

LAMBERT FUNERAL TO BE HELD TOMORROW

Inquisition Into Young Man's Death Completed Yesterday.

The funeral of Floyd Lambert, the young man who was killed either from electrocution or in a fall from an I. N. U. pole at the corner of Third street and College avenue early yesterday morning, will be held at 2 o'clock tomorrow afternoon from the home of his parents, Mr. and Mrs. Charles Lambert, 1048 Highland avenue, and at 2:30 o'clock at the Baptist church, Rev. J. A. Simpson, officiating, and with burial at Oakwood.

The coroner's jury which conducted an inquisition into the young man's death returned its verdict late yesterday afternoon, the jurors finding that death had been caused by the young man coming in contact with an electric wire, which caused him to fall to the ground, breaking his neck and resulting in a hemorrhage.

Dr. E. A. Sickels, who examined Mr. Lambert's body when it reached the hospital after his fatal accident yesterday morning, told the jury yesterday that he believed Floyd's death was due to the hemorrhage which followed the fracture of his neck, but said that it was possible that he had been electrocuted also, as the electric burns behind his right shoulder and left neck indicated that strong current had passed through his body.

The members of the jury were: Judge George W. Hill, foreman; M. L. Dysart, James Bales, J. J. Dauntler, George E. Shaw and W. G. Ford.

The witnesses called before the jury were George Fite, construction foreman for the I. N. U., Charles J. Finley, system operator for the I. N. U., Dr. Sickels, Police Officer Ed. Whetstein, John Palmer, taxi-driver and Roy Plock, fireman for the I. N. U. at the steam plant.

Parties Represented.
The interests of the Illinois Northern Utilities company, for whom Lambert was working at the time of the accident, were looked after by Robert Howell, claim agent for the company. Attorney Harry Warner represented (Continued on page 4.)

WINNIPEG STRIKE AT END; WORKERS LOSE ALL POINTS

Men Will Go Back to Jobs Tomorrow—Was General Walkout.

By Associated Press Leased Wire
Winnipeg, June 25.—After nearly six weeks of industrial strife, Winnipeg's general sympathetic strike has been called off. Shortly before midnight last night the central strike committee came to an agreement to order all men back to work at 11 a. m. tomorrow, exactly six weeks from the time it was called.

While the strike committee has not made an official announcement, the decision, it is learned from authoritative sources, is authentic.

No Concessions Made.
It is understood that the calling off of the strike is unconditional. Conferences of labor leaders yesterday with Premier Norris of Manitoba and other provincial officials failed to obtain any concessions.

The general strike here was called May 15 in sympathy with metal workers here, who had been on strike for several weeks to secure collective bargaining and recognition of the metal trades council.

Practically every public and private industry was tied up in the first walk-out. Firemen, post office workers, city hall employees, all joined with department store clerks, street car employees, (Continued on Page 2.)

Cocchi Gives Story of Murder of Cruger Woman in New York

By Associated Press Leased Wire
Bologna, June 25.—The trial of Alfred Cocchi, charged with the murder of Ruth Cruger in New York in 1917, has been interrupted for an indefinite period to enable the court to examine American court records as to testimony regarding Cocchi's wife.

There was a spirited exchange between the court and Cocchi yesterday. Cocchi told of having sawed the body of Miss Cruger so that he might hide it. Then he broke down, crying in a broken voice:

"I took the body and tried to conceal it in the cellar, but the door was not large enough and I saved the body in two. The girl was dead when this was done."

Then followed a discussion as to whether the girl was dead before her body was dismembered. The whole court room was aghast at the prisoner's narration.

Judge Bagnoldi, the president of the court, gave this explanation of the postponement to the Associated Press:

"We were afraid the story related by Cocchi and his charges against his wife had influenced the jury which appeared to us to be somewhat affected by this development. We will await a transcript of the evidence in the wife's case. We expect to continue the trial before October."

Dispatches Tuesday from Bologna stated that Cocchi had declared that his wife was guilty of the murder of Ruth Cruger, who was slain in Cocchi's bicycle repair shop in New York city in 1917. It evidently is the purpose of the court to examine the record of the New York grand jury which exonerated Mrs. Cocchi.

DON'T WANT PATIENTS, DIXON COUNTRY CLUB

The practice of patients from the state colony frequenting the grounds of the Dixon Country club, was the cause of a complaint being registered with Sheriff Frank A. Schoenholz this morning by one of the officers of the club, who declared the patients have been wandering about over the golf course and grounds and picking up lost golf balls which they attempted to sell to the members.

The Sheriff has deputized Ben F. Snyder, steward at the club, and given him the power to eject the patients from the grounds. The superintendent of the colony was also notified and requested to keep the patients away from the club grounds which is private property.

STERLING GOLFERS TO PLAY HERE TOMORROW

A picked team of Sterling golfers from the Rock River Country club will come to Dixon tomorrow to engage the Dixon Country club stars in the second contest of the season for the Tri-County cup. The match will be played in the afternoon, the visitors being entertained at dinner following the match.

JURY IS SELECTED TO TRY N. P. L. PRESIDENT

By Associated Press Leased Wire

WOMEN WANT OIL ON STREET; CHIEF GIVEN A NEW GUN

Peoria Ave. Ladies Ask City Dads to Help Settle Dust.

A delegation of women who reside on Peoria avenue, some of them accompanied by their husbands, attended the city council meeting last evening and took an active part in one particular subject. The delegation attended for the purpose of requesting the council to take early steps in the oiling of that part of Peoria avenue south of Third street which is not paved. Max Rosenthal was spokesman for the delegation and presented the views of the property holders along the avenue. When they had discussed the matter thoroughly, Mayor Mark D. Smith gave them the assurance that the oiling would be done just as soon as possible.

Another very important matter that was presented to the council was one which concerned the equipment of the police department. The revolver carried by Chief of Police J. D. Van Bibber is of ancient type and design compared to the modern weapons used by police officers. The matter was discussed by the council and it was finally decided to purchase for the chief, a revolver of the modern type for his exclusive use.

Commissioner W. V. Slothower presented a proposition concerning the lighting of the arch on Galena avenue and Second street. It was suggested that some of the ornamental lights could be discontinued for a time, thus cutting down the expense of lighting. This matter will be taken up with the Illinois Northern Utilities company and reported upon at the next meeting.

An application from Frank C. Farum to erect a sign at 95 Hennepin avenue was referred to the commissioner of the department of public health and safety with power to act.

MERCHANTS CONSIDER HALF-HOLIDAY PLAN

A Thursday half-holiday for all workers in Dixon stores and factories during the months of July and August is a possibility if agitation which has been quietly started by some of the business interests meets with the favor of all.

Encouraged by the success which has attended the adoption of the same in other cities, many of them larger than Dixon, has caused those who favor the plan here to believe that sentiment of the proprietors of the establishments will be in favor of granting all workers a half-holiday during the torrid months.

Further action may be determined upon at a meeting of business men within a few days.

SENATE PLANS TO APPROVE 400,000 ARMY BILL TODAY

By Associated Press Leased Wire
Washington, D. C., June 25.—Although a number of senators had expressed a desire to discuss some minor amendments when consideration of the army appropriation bill was resumed in the senate today leaders predicted that passage of the measure before adjournment was certain.

As amended in accordance with the committee recommendation the bill provides for an average army of 400,000 men for the year beginning July 1, as compared to the 509,000 figure urged by Secretary Baker and the 300,000 strength fixed in the house bill. Another amendment adopted fixes the annual salary of C. W. Hare, director of sales and in charge of the disposal of surplus war material, at \$12,000 instead of the rate of \$25,000 which he now is paid.

The proposal to make permanent the rank of general conferred upon General Pershing early in the war failed on a point of order.

Animal Pets Found in German Food Factory

By Associated Press Leased Wire
Copenhagen, June 25.—Serious rioting occurred at Hamburg on Monday and Tuesday when mobs attacked food preserving factories, it being alleged that the bodies of dogs and cats had been found in them. The managers were dragged to the streets and roughly handled. The war provision department also was attacked and its offices wrecked. The mob tried to disarm troops marching through the streets and the latter opened fire, a number of persons being killed and wounded.

Quincy Has \$90,000 Fire This Morning

By Associated Press Leased Wire
Quincy, Ill., June 25.—A short circuit in the electric elevator of the Williamson building, in the loop, this morning, started a fire which endangered property to over 200,000 and caused a loss of \$90,000, covered by insurance. The building contained the district offices of the Standard Oil company, a garment factory and a large department store. Over 200 girls are temporarily thrown out of employment.

Miss Katherine Owens, who has been attending school at Columbus, Ohio, arrived home today.

ULTIMATUM WILL BE SENT UNLESS ACTION IS TAKEN

Germany's Delay Has Riled Allies Who Plan to Act.

BULLETIN.
By Associated Press Leased Wire
Paris, June 25.—Up to 4:45 o'clock this afternoon no official word had been received here regarding Germany's plans with regard to the formal signing of the peace treaty. The peace conference leaders were undisputedly perplexed over the situation.

It was conceded to be impossible that the ceremony of signing could take place before Saturday. Unofficial reports were that it probably would be delayed until Monday.

By Associated Press Leased Wire
Paris, June 25.—If the heads of the allied powers in Paris do not hear from Weimar very soon regarding the German delegation for the signing of the peace treaty an ultimatum will be sent to the German government, according to the Paris office of Reuters' limited. The ultimatum will demand the appointment of plenipotentiaries within a certain number of hours.

DATE FOR SIGNING NOT SET.
By Associated Press Leased Wire
Paris, June 25.—The treaty of peace will be signed either Friday or Saturday, it is believed. Although the day has not been definitely fixed, it has been decided that the hour for the ceremony will be at 2 o'clock p. m. The peace conference secretariat is still without official knowledge of the personnel of the new German peace delegation and does not know when it will arrive at Versailles.

This lack of official advices from Germany with regard to the new plenipotentiaries have caused some uneasiness to manifest itself in conference circles and the plans for the signing of the treaty are in a complete state of suspense. Herr Haniel Von Haimhausen, the acting German representative at Versailles, apparently is also without information.

It was announced today that President Poincare's official dinner to the peace plenipotentiaries will take place Thursday night. It was originally planned to hold the dinner on the night of the signing of the treaty but the uncertainty as to the date for the ceremony has caused Thursday to be named definitely for the dinner, irrespective of the event at Versailles.

NOTABLES TO BE PRESENT.

By Associated Press Leased Wire
Paris, Tuesday, June 24.—(Delayed.) Notable among the persons who will attend the ceremony of the signing of the treaty with Germany late this week will be five senators who participated in the campaign of 1870. Premier Clemenceau announced in senate today that these men will be honored with places in the hall of mirrors in the chateau at Versailles.

Marshal Poincare, accompanied by six French generals, Mrs. Wilson and her secretary and Miss Margaret Wilson will be among the thousand persons including delegates and secretaries, who will be present when the Germans attach their signatures to the treaty. Three hundred journalists from all the interested nations, a few neutral newspaper correspondents and about 300 guests apportioned among the signatory nations will have places in the hall.

Seven regiments of cavalry and four regiments of infantry will guard the palace grounds during the ceremony. Within the marble court through which all the witnesses, except the Germans, will pass, will be stationed a company of drummers and buglers. No other musicians will participate. All the soldiers within the palace will be members of the republican guards, wearing silver helmets, red coats and white breeches.

The Germans will be admitted at a side entrance from the park after the other delegations are seated at the horseshoe table within which will be the signing table where the treaty will lie.

D. S. C. is Awarded to Many American Heroes

By Associated Press Leased Wire
Washington, June 25.—Award of distinguished service medals to these American expeditionary force staff officers was announced today by the war department:

Brigadier Generals S. D. Rockenback and Meriwether L. Walker; Colonels Alvin C. Norris, George M. Hoffmann, Mathew A. Tinkley, Henry H. Oury, Henry C. Jewett, Walter C. Babcock, J. J. water works employees and men in delivery service.

Many Suffered Want. Want stared Winnipeg citizens in the face for many days, when stores were closed for lack of clerks and milk, bread and other necessities were almost unobtainable.

Food depots were established by the city after the first few days and were operated intermittently until a few days ago.

Within a fortnight after the general strike was called here, many western Canadian cities had been similarly affected. Calgary, where the one big union movement was launched at a radical convention last winter, was one of the first cities to be also tied up. Edmonton, Regina, Vancouver and other big cities of western Canada suffered partial tie-ups.

Rail Traffic Unhampered. Except in Winnipeg, railroad traffic was but little hampered, and efforts of the international brotherhoods to replace workmen who struck in violation of union orders, rapidly restored crippled railroad facilities here.

Two riots marked the course of the strike here.

Last Saturday an attempt to hold a "massed silent parade" in violation of Mayor Gray's orders resulted in the deaths of two strikers, and the wounding and injury of two scores of strikers, constables and mounted police.

Eleven Leaders Seized. A week ago today the dominion authorities sprung a trap by an early morning seizure of eleven strike leaders. A few days later all but four aliens were released on bonds and conferences with union labor leaders on the strike committee resulted in announcement that they would be given trials in open court here, instead of the deportation proceedings which federal authorities at first announced would be instituted.

Although at the beginning it was estimated 30,000 workers of the city's population of 200,000 had walked out, the return to work has been gradual since the first two weeks.

The strikes at Calgary and Edmonton were also called off last night and officials and labor leaders expected that Vancouver and Victoria strikers would be at work in a few days.

RECRUITING OFFICE TO CLOSE ON FRIDAY

Lieutenant Willett in charge of the United States army recruiting station in this city received instructions yesterday from the headquarters in Chicago announcing the call for service in the new army. The order calls for an additional 50,000 volunteers and instructions have been issued to accept applicants for any particular organization now serving on the Mexican border, excepting the colored cavalry.

Applications will now be received at the local recruiting station for service in any of the following branches:

Infantry: Europe, Panama, China, Siberia, Alaska.

Cavalry: Hawaii, Panama.

Field Artillery: Europe.

Coast artillery: Panama and the Philippines.

Engineers: Europe, Hawaii, Panama and the Philippines.

Signal corps: Hawaii and the Philippines.

Medical department: Europe, Hawaii, Panama, Philippines and Siberia.

Quartermaster corps: Philippines.

Enlistments in the air service, tank corps, motor transport corps, ordnance corps, construction corps, veterinary corps and dental corps are all assigned at the discretion of the government.

One year enlistments are authorized for men with previous service in the Federal service in the army, navy or marines.

Men will be accepted for enlistment of 18 to 55 years in the staff corps, other branches requiring men of the ages of 18 to 40. Proof is required if the applicant is between 18 and 21. The local

office will remain open until Friday, June 27, when it will be removed from Dixon.

PAW PAW SOLDIER ON DIVISION HONOR ROLL

Paw Paw, Ill., June 24.—When Pvt. Claire V. Parker of Company A, 132nd Infantry was discharged at Camp Grant he was also given a neat little roll which proved to be a citation from the Commanding General and reads as follows:

The Thirty-third Division, American Expeditionary Forces, Claire V. Parker, Company A, 132nd Infantry.

The reports of your Regimental Commander and of the Commanding General of the 66th Brigade testify to your gallantry and splendid performance of duty at Consequoye on October 8th, 1918.

Your conduct on that occasion has afforded me genuine gratification, and I have accordingly directed that your name and action be inscribed on the Roll of Honor of the "Prairie Division."

GEORGE BELL, Jk., Major General.

Commanding 33rd Division.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove those homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

Soldier's Baby is Named After Vessel

By Associated Press Leased Wire
New York, June 25.—A wireless message received early today from the United States transport Santa Teresa stated that she expected to arrive at her South Brooklyn pier before night with 1,000 troops and 21 war brides of army men. A baby, born on the voyage to the French wife of F. E. Smith of Gildford, Mont., was christened Marcelle Teresa Smith after the ship and was presented with a christening fund of 1800 francs by the officers and crew of the vessel.

SAVE THE CHILDREN

The mothers of the Twentieth century will go down into history as being true patriots. They have tearfully, ungrudgingly and bravely given of their own flesh and blood that true Democracy might prevail throughout the world and that the strong arm of Imperialism should be shattered once and for all. When this war is won it will be said, in more ways than one, that it was won by the Mothers of the country.

But you mothers, who have sent your dear boys "over there" to fight for world-wide liberty, also have a duty to perform with reference to the babes in your arms and your sons and daughters of tender age. Do you know that not very long ago, at the Y. M. C. A. at Kansas City fifteen hundred boys were examined and fifty per cent of them were found to have some form of spinal trouble? If those boys had been examined by a competent Chiropractor when they were yet infants, these faults could have been corrected.

If your little baby is sick, weak, puny or not properly developed in some part of the body there must be a Cause and nine times out of ten it is found in the spine. Do not wait with the expectation that the baby will outlive the weakness; have the spine palpated and if necessary adjusted. Many a boy, many a girl has gone to a premature grave or lingered through life a miserable cripple when a Spinal Analysis made in infancy would have detected some weakness which Chiropractic Adjustments would have corrected.

Nature is the only true Healer. Spinal Adjustments eliminate the cause of the trouble and Mother Nature heals. You say, "Oh, yes, that's a beautiful theory, but like all other beautiful theories, it's too good to be true." It is not only a beautiful theory, but it is beautifully true, as the thousands of men and women who have been helped will attest any day.

"Save the Children." The children of today will be the men and women of tomorrow. You can do this by safeguarding their health while they are still in your arms.

The Science of Being Useful

Business is the state of being busy.
American business is the entire American people in the business of providing itself with a living.

Only through the usefulness of all can everything be done which must be done, and everyone rewarded who does it.

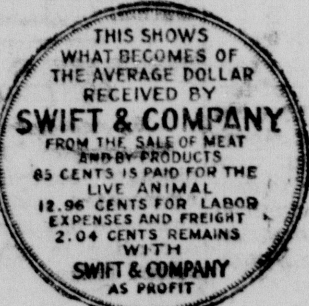

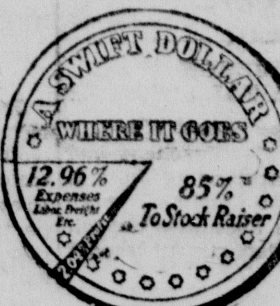

Swift & Company, with other great American businesses, interprets its mission as more than the mere Science of Making Money.

It realizes the surest way to make money is to prove its usefulness; that the more useful a business is the more successful it must be because it is a greater benefit to mankind.

Today's success of Swift & Company is a measure of the quantity and quality of its usefulness—of the number of people it helps, and the number of ways and the degrees in which it benefits them.

SCHAFER-MUERER—

Miss Barbara Marie Muerer, daughter of Mr. and Mrs. John Muerer of Amboy, and Henry Charles Schaffer, of Dixon, son of Mr. and Mrs. Charles Schaffer, of Amboy, were married Tuesday afternoon, June 24th, at 4 o'clock at the home of the bride's parents by the Rev. L. G. Krebs, pastor of the Amboy Lutheran church. Mr. and Mrs. George Muerer, brother and sister in law of the bride, served as best man and matron of honor. A company of about twenty relatives and friends witnessed the ceremony and dining rooms were in pink and white, with flowers used lavishly. The bride was attired in white. After July 1st Mr. and Mrs. Schaffer will be at home at 709 E. Second St., Dixon. Mr. Schaffer is employed here in the office of the Illinois Northern Utilities Company. He and his bride are now taking a trip.

CLASS PICNIC—

The Golden Rule Circle and the Young Men's Alliance of the Grace Evangelical Sunday school held their picnic on Monday evening at Lowell Park. Twenty-five members of the two organizations took a boat for Lowell in the early evening and served supper at the park. Ice cream for the supper dessert was furnished by two members. Three guests were present from out of town, the Misses Cora Miller and Myrtle Beitz of Mendota, and Miss Pearl Sindlinger, of Gann Valley, S. D.

ENTERTAINED FOR SONS—

Mr. and Mrs. Ezzie Jones entertained with a dinner Sunday in honor of their sons, Roy, who just returned from overseas, and Dewey, who has been employed in Dayton, Ohio, for the past sixteen months and who returned to Dixon Saturday. The guests were Mr. and Mrs. J. E. Musser and family, of Sterling; Mr. and Mrs. Roy Selover and family, of Amboy, and Mrs. H. H. Reynolds and children, of Canton, Ill. There were twenty present.

PICNICKED AT WHITE ROCK—

Saturday afternoon fifty Nachusa people went to White Rock and picnicked there with Mr. and Mrs. Vernon Baltzley, who have been camping there. A typical camping supper of fried wieners, baked beans, potato salad, cake, pickles and strawberries was enjoyed. Mr. and Mrs. Baltzley returned to Chicago yesterday.

GARDEN PARTY AND LUNCHEON—

Mrs. L. F. Young, of east of town, entertained Monday afternoon a company of twelve ladies at a garden party and luncheon. The luncheon was served on the lawn at 5:30 o'clock. Although Mrs. Young gave no hint in her invitations of the day being her birthday but the guests became aware of the fact and presented her with a handsome linen tablecloth.

MONEY USED FOR SOLDIERS—

It has been learned that a report has been started that the War Mothers' Council is a selfish money-making organization. All money made is used for the aid of soldiers and sailors, and many emergency cases of need among our boys are cared for. Our records will prove the truth of the foregoing statement.

Mrs. Tryon Rosbrook, President.

FAREWELL PARTY—

Friends to the number of twenty-five gathered at the home of Miss Iva Minor, of Franklin Grove, Monday evening and gave her a surprise party in view of her planned departure from Franklin Grove on an extended visit. The evening was spent pleasantly, the ladies piecing quilt blocks for the Ladies' Aid society the whole chatting. Ice cream and cake were served as refreshments during the evening.

TO VISIT IN WENONA—

Mr. and Mrs. James Lohr plan to leave Saturday for Wenona, Ill., to visit their daughter, Mrs. A. V. Lake. From Wenona they will go to Washington, this state, to visit Mr. Lohr's sister. They will spend the Fourth in Washington and will return to Wenona later to complete their visit before returning to Dixon.

SURPRISED MRS. YOUNG—

A party of about a dozen ladies, friends and neighbors of Mrs. John Young surprised her at her home in West Dixon yesterday afternoon. The hours were spent in a most enjoyable social way, refreshments being served. Mrs. Young was presented with a beautiful table cloth by her guests.

AMERICAN WIN MOST POINTS IN OPENING EVENTS

(Continued from Page 1.)

Shields, Philadelphia, second; in 4:10 25. The second heat was won by Stout, Chicago, in 4:16.

Australian Boxer Wins.

In the bantam weight preliminaries of the boxing, Digger Evans of Australia, won a decision over Johnny (Babe) Asher, of Detroit, in a ten-round bout. It was good, hard fighting throughout with Evans growing stronger toward the end. Asher is the A. P. F. champion in his class. Evans is said by the ringside experts to have the best chance of winning the bantam weight honors.

McGrath of Canada, was awarded the decision over Pain of Belgium in the bantam class. McGrath forced the fighting and Pain was on the defensive throughout.

Al Norton of California, previously had won in the light heavyweight preliminaries from Hercowitz of Canada. The Canadian was at a disadvantage through the American's longer reach and greater height, but it was a stiff battle.

The first knock-out went to Spauld of Italy who sent Van Der Eynd of Belgium to the mat for the count of ten in the second round.

Hallam of Australia gave a good exhibition, winning from Cole of Canada in the first featherweight bout.

American Wrestlers Lost.

American wrestlers lost their first two Graeco-Roman wrestling bouts. Weegien, American, was thrown by Daly in four minutes and twenty seconds. Polk, American, wrestled Coles of Belgium to a standstill for 20 minutes, when the bout was stopped and an extra period ordered by the referee. Coles then threw Polk with a rolling fall.

The various races and contests were interspersed with exhibitions of Arabian sword dancing, a battle royal, camel racing and a colorful representation of a desert fight with the combatants mounted on camels. This event drew much laughter from the spectators.

BROTHERS HAD OPERATIONS

Masters George and Eugene Lebre, little sons of Mrs. U. Lebre, underwent operations yesterday at the Dixon hospital for the removal of adenoids and tonsils. They are expected to make a good recovery.

SANDRA THE JEALOUS

By JANE PHELPS.

MAYTIME—AND THE WHOLE WORLD THROBING WITH LIFE CHAPTER III.

It was in May that I first met Everett Graham. For several days it had been unusually warm. The leaves on the trees and shrubs had stolen silently from their winter hiding places, and were bursting brilliantly green on their stalks and branches. It seemed to me that the whole world was throbbing with life, was more keenly alive than ever it had been before.

I was just a girl that wonderful Maytime, with just a girl's visions, her ideas, and ideals. The books I had read were mostly light novels, and romances which exaggerated those ideas without doing me any particular good or harm. Yet in a way I realized that they helped me to overlook the difference in our ages. Many of the heroines of the novels I had read had married men much older than they, and had been happy ever after—according to the narrator.

I had always liked my name: Sandra. Rose said it sounded as if I was a writer and taken it as my nom de plume. Rose often said such queer things, although she was a perfect dear. But after she said that I liked my name better than ever—Sandra Courtney. When I said it aloud, I was pleased with the sound, and glad I hadn't been named Mary or Margaret or Nellie. I liked my own name, so much better.

I have told how Everett looked, and I expect people who read my story would like to know something of how I looked also.

I was tall—taller than most of my friends. I was thin, almost scrawny. Everett called it "willowy" which sounded much nicer. My hair was very dark auburn, deep red gold in some lights. I often used to wish that what- ever pigment had been used—they say that's what causes different colors in hair—had not been used quite so lavishly. People could see my hair before they saw me. So Rose said. I had the brownest eyes, and the light skin that usually goes with such hair. And I also had—freckles. I had tried to get rid of them in every possible way since I was ten, but although I had taken off the skin many times, the freckles persisted. They were lighter in color now, and

smaller. Mother said that when I was older they would probably disappear altogether. But they were a great trick to me. My two brothers made fun of me for trying to get rid of them so that finally I stopped. But I commenced again that spring I met Everett—but with no success.

Sometimes I used to think that having brothers was not as unalloyed joy. I was sure of it the day they told Everett that I was putting on stuff to get rid of the freckles because he came to see me.

Sandra is putting stuff on her face because of you. Toodles, his right name was Harry, confided to Everett. "She's done it before and it didn't work worth a cent, but she thinks you'll think she's prettier without freckles. Girls is silly anyway. Freckles don't hurt."

THE MOST DRUGGED NATION.

The average American takes about
fifty doses of "dope" a year. Do you get
yours?This may seem a flippant and offen-
sive way of putting the matter; but it
serves a useful purpose if it induces
the reader to pause a moment and con-
template the full scope of the body-
wrecking, mind-destroying traffic in
habit-forming drugs.A commission investigating conditions
under instructions from the U. S. treas-
ury department reports that from ten
to sixty times as much opium is con-
sumed in the United States per capita as
in any other country from which reli-
able records can be obtained. The clos-
est competitor for this evil distinction is
Holland. The average Hollander con-
sumes 3 1/2 grains of opium in a year.
The American consumes thirty-six
grains. That is the equivalent of thirty-
six doses. Most of it is taken in the
form of derivatives manufactured from
the crude opium, such as morphine,
heroin, codeine, etc.If to this opium consumption is added
the consumption of cocaine and various
dangerous coal-tar products, it will be
found that the total is probably enough
to give every man, woman and child in
America no less than one dose of habit-
forming drugs a week.The extent of drug-addictions, despite
these alarming figures, does not seem
to have increased in recent years, owing
to a growing appreciation of the dan-
ger and the enactment of restrictive
laws. At present, it seems actually to
be diminishing. Further improvement
is expected as a result of amendments
to the Harrison law, which establishes
pretty thorough control of the traffic
throughout the country.Cooperative legislation is still needed,
however, from many states and cities.
And as the treasury department com-
mission suggests, provision should be
made by federal, state and municipal
governments for the treatment and cure
of addicts.

EUROPE IN 16 HOURS.

Everybody with any knowledge of
aviation progress or any faith in human
courage and endurance knew that the
Atlantic would be crossed, at one flight,
as Alcock and Brown have crossed it.
Few people, though, believed that the
time was at hand when such a passage
could be made in sixteen hours. The
shortness of the time required is per-
haps the most wonderful feature of this
wonderful achievement.It brings America and Europe as close
together by air route as New York and
Chicago are by railroad.Flying, to be sure, is as yet far from
being as safe and dependable as riding
in a Pullman car over a good roadbed
behind a modern locomotive. Perhaps
it never will be. But what is already
accomplished gives promise of far more
rapid developments than most persons
have expected.The American naval fliers succeeded
in their three-jump flight, on the first
trial. Hawker, the pioneer one-jump
flier, almost succeeded. Then came Al-
cock and made the trip at this amazing
speed, in weather conditions which, ex-
cept for a favoring wind, were about
the worst conceivable.In this brief pioneering period there
has been no loss of life. Machines have
been lost or damaged, but that may be
considered a minor detail. The thing
has actually been done. The way has
been shown. It remains only to make
the airplanes somewhat steadier, safer
and less dependent on weather. This
is purely a question of engineering de-
velopment along lines already laid down.It involves no flight of imagination
to say that within a very few years it
will be a common thing for tourists to
fly across the Atlantic, in comfort and
comparative safety, in twelve to fifteen
hours, or say from New York to Lon-
don in fifteen to twenty hours.

CLEAN, SMOOTH STREETS.

Dixon people paid a lot of money to
lay brick pavements on the principal
thoroughfares. The pavements

ABE MARTIN

When Hon. Ex-Editor Cale Fluhart
declared the Germans were morally ob-
fuscated Tell Binkley said it was just
what we comin' t' em. If ole prices
'll just return no questions 'll be asked.points about brick streets are their
smoothness and lack of dust, mud, etc.
If we allow the brick streets to be
dug up every few feet and the bricks
imperfectly replaced, we get the
bumps back, and if we do not keep the
streets clean, we get the dirt and dust
back.Dixon should own a street flusher,
the only efficient machine for sprink-
ling streets and flushing off the dirt and
refuse, and the many holes and bumps
in the paved streets of the city—caused
by excavations—should be repaired.
Only then will our paved streets be
worth what we paid for them.The Sterling, Dixon and Eastern R.
R. is doing some work on its tracks at
the north approach to the Galena Ave-
nue bridge, and the prospect of smooth-
er pavement on that spot when the
brick is relaid is refreshing. If the
crossing of Galena Avenue and the
truck line rails at the south end of the
bridge could be made a little smoother
than a pair of steps, then the motorist
would have nothing to detract his at-
tention from the enjoyment of the cor-
duroy floor of said bridge.

KEEP THE FOURTH SANE.

It is time again for the annual warn-
ing against the indiscriminate use of
fireworks in Fourth of July celebra-
tions. For some years past the "safe
and sane Fourth" idea has been devel-
oping throughout the country. Where-
ver it has been carried out there has
been a notable decrease in deaths and
injuries from accident, and in fire losses.It seems incredible that any com-
munity which has once tried the safe
and sane variety of celebration, with its
picnics, athletic events, patriotic par-
ades and speeches, community stages
and happy, healthful outdoor good
times, should be willing to return to
the noisy and dangerous fireworks.Lifting of protective ordinances
should not be a part of any program.
Leading citizens and town authorities
everywhere should see to it that any
tendency toward the old-fashioned cele-
bration is checked early, and that public
enthusiasm and energy are turned to-
ward a program that will be patriotic,
healthful, safe and truly enjoyable.TEN YEARS AGO IN

BE HELD TOMORROW

(Continued from page 1.)

Charles Lambert, father of the boy.

The testimony given by the witness-
es corroborated details of the story of
the tragedy as published in last even-
ing's Telegraph. Policeman Whetstein
testified that Foreman Fite warned Mr.
Lambert before he went up the pole to
be careful about the high tension wires.
Charles Finley, an I. N. O. employee,
testified that the duty assigned the
young man by Superintendent Fite, that
of going up the pole and cutting
down the dead wires, was no more dan-
gerous than the line-men performed
daily. Fite testified that Mr. Lambert
was an experienced line-man.In response to questions by Attorney
Warner, Fite told the jury that the in-
sulation on the 2300 volt wires was
good, he believed. He said, however,
that no matter how good the insulation
was on a wet morning like that of the
accident the insulation was useless and
the wire might as well have been bare
as far as it would serve to prevent the
escape of the electricity into anything
that came in contact with it.Fite said that he was watching Lam-
bert, and that he believed his hand slip-
ped a little as he turned to descend the
pole, and that as he had one foot on a
cable, his hand came too close to the
high voltage wire, and that the shock
"stung" him and caused him to jump,
which threw his shoulder into positive
contact with another high tension wire
and created the circuit of the deadly
fluid. The young man was heard to
groan; his body hung on the wire as if
lifeless for a short space of time and
then fell to the cement sidewalk, a
distance of about 20 feet. He struck
on his face and he bled considerably.Fite, who had gone to call for help, re-
turned and applied the "prone and
pressure" method in an effort to bring
Lambert back to life. After about three
minutes of this, the victim was put in
a delivery wagon and taken to the hos-
pital, but he died on the way. The pole
from which Lambert fell is on the cor-
ner of Third street and College avenue,
and the accident occurred at 6:50 o'-
clock Tuesday morning. A few moments
earlier, Foreman Fite's automobile
had skidded into a pole near this cor-
ner and broken it off, allowing wires
to drop across the street. It was to
cut these wires and clear the traffic
that Fite says he went to Lambert and
sent him up the pole. He said that
wires Lambert was to cut, although
they had dropped across the street-car
trolley wire, which normally carried 550
volts, were dead, because he believed,
the contact had opened the circuit
breaker at the power house at the dam.
Other I. N. O. employees insisted that
these wires must have been dead be-cause the street car was stalled by
lack of service in the wire. No one
testified that the circuit breaker actu-
ally was open or that the trolley wire
was dead.Officer Whetstein and Fite were the
only eye witnesses to the tragedy. The
officer told substantially the same story
and related how he instructed Fite to
phone for help to get Lambert down
from the pole, and after he felt, to
phone for a doctor, and of later send-
ing the young man to the hospital.

Obituary.

Floyd Lambert was a splendid spec-
imen of young manhood who had but
recently returned from army service.
He was born 30 years ago February 9,
in Pine Creek township, Ogle county.
He had lived in Dixon, with his parents
for about five years.Floyd went into the army in May,
1918. He was with a contingent that
was aboard ship in an eastern harbor,
bound for France, when the armistice
was signed. He was a member of Com-
pany L, 13th Infantry. He was unmar-
ried.Besides the sorrowing mother and
father, Mr. and Mrs. Charles Lambert
of this city, he is survived by his grand-
father, W. H. Saddler, of Oregon, who
is 87 years of age, and two sisters, Mrs.
George Huffman, of Woodstock, Ill.,
and Miss Flossie, at home, and two bro-
thers, Lyle, of Woodstock, and Lee, of
Dixon. He was a fine young man, and
his tragic death brings sorrow to a
wide circle of friends.Hundreds of Brides
to Accompany Yanks

Paris, June 15.—(Correspondence
of the Associated Press.)—Passport officers
at the American embassy are working
night and day providing papers for the
French brides of American soldiers who
are about to leave for the United
States.Many of the brides are accompanied
by their khaki-clad husbands, some
bring their mothers with them, and
many are alone. In the daily queue
at the embassy are French girls and
from nearly all the provinces. There
are large girls and small girls, beautiful
girls and plain girls, simple country
girls unassumingly gowned and girls
in the rakish hats and short skirts of
the Paris boulevards.Nearly all the brides speak some En-
glish, far more English usually than the
French their husbands have acquired.

He was assisting in removing some
timbers when he stepped on a board, a
rusty nail running through the sole of
his shoe and penetrating into the right
foot a depth about an inch. He paid
little attention to the wound until the
afternoon when he had to be removed
to his home in Grand Detour, where
it was given medical attention. Mr.
Senn will probably be laid up for a
week or ten days with the wound which
is causing him considerable pain.

PEACE SUMMARY

By Associated Press Leased Wire

Germany has proved slow in making
known to the peace conference in Paris
what her plans are regarding her rep-
resentation at the formal signing of the
peace treaty. Conference circles are re-
ported somewhat uneasy over the lack
of official advices from the German
government as regards the personnel of
its new delegation and the time of its
coming, as all the arrangements for the
ceremony are being held up.It is still hoped in Paris that the
treaty will be signed Friday, but the
event may go over until the following
day. Everything manifestly now de-
pends upon the time of arrival of the
German delegates.It is expected that the new Italian
delegation headed by Tommaso Tittoni,
the new Italian foreign minister, will ar-
rive in Paris Friday to resume the ac-
tivities of Italy relative to the treaty
with Austria. There are several im-
portant matters still to be adjusted be-
fore the remainder of the Austrian
delegates and it is expected that the
treaty can be presented to the Austrian
Italian mission will lose no time in
bringing before the supreme council of
the conference the demands of its
country.France and presumably the other al-
lied and associated nations are prepared
for eventualities should the Germans
fail to carry out the provisions of the
treaty which is now ready for the sig-
natures of the delegates.Premier Clemenceau in replying to
questions of members of the chamber of
deputies relative to demobilization, said
yesterday that precautions were neces-
sary "in view of the state of mind of
the Germans," the premier pointing out
that the destruction of German ships in
Scapa Flow and at Kiel "showed the
spirit in which the Germans will sign
the treaty."Dispatches from Berlin indicate that
feeling over the peace situation still is
running high in German military cir-
cles, officers speaking of "defending the
honor of the German army and its lead-
ers" by adopting "special measures."Formal approval has been given by
the supreme council of the conference
to the plan of giving Belgium priority
in reparations to the extent of about
\$500,000,000.

Quality Goes Clear Through

You have observed that we frequently
emphasize the accessibility and sim-
plicity of Dort design.We have good reason to believe that
no car on the market is of more
simple and accessible construction.
Perhaps the best way to make clear
the value of Dort accessibility is to
say it this way:When you desire to "tune up," or
"dope up," or adjust this or that part
you can do it yourself easily and at
little cost.And of course there's no need to point
out that Dort simplicity means
maximum freedom from mechanical
trouble.Prices F. O. B. Factory

ZIGLER-BOLLMAN WEDDING—

June weddings are fairly tripping over each other these days in order that they may really all be in June. A very pretty wedding of high noon today was that of Miss Ethel Lucinda Bollman, daughter of Mr. and Mrs. James Bollman, of South Dixon, and Louis Henry Zigler, son of Mrs. R. L. Zigler, of Woosung, which took place at the home of the bride's parents and was witnessed by a company of sixty relatives and friends. The double ring ceremony was used.

The officiating clergyman was the bride's uncle, Rev. Edward Bollman, of Benedict, Neb.

The ceremony took place before a bank of palms and ferns. Pink roses were also used in profusion about the house. The decorations were in charge of Fallstrom. There were no attendants, the bride and groom taking their places as Mrs. Paul Mossholder, cousin of the bride, played the Bridal Chorus from "Lohengrin." Miss Minnie Zigler, the groom's sister sang, just preceding the ceremony, a double number, "At Dawning," and "For You Alone." A beaded Georgeanne crepe in white was worn by the bride, who carried a shower bouquet of pink roses. The gift of the groom, a string of pearls, was worn as the only jewelry.

Assisting in serving the wedding luncheon were the bride's two cousins, Mrs. Albert Heckman and Mrs. Everett Rooker, and the Misses Myrtle Shafer, Celia Young, Louise Gerdes, all of Dixon, and Miss Iola Wadsworth, of Sterling. Pink and white feastons and white wedding bells hung above the tables and pink roses in baskets formed the centerpieces.

A western trip of three or four weeks duration, culminating in Denver, Colo., will be taken, Mr. and Mrs. Zigler leaving this afternoon after the dinner. The bride wore a navy blue costume.

Among the guests from out-of-town were: Mr. and Mrs. Charles Wadsworth, Mr. and Mrs. M. W. Zigler, Mr. and Mrs. M. J. Zigler, Mr. and Mrs. J. A. Zigler, James Coates, Mr. and Mrs. Charles Livingston, Mr. and Mrs. Ralph Zigler, all of Sterling; Mr. and Mrs. Charles Scholl, Mr. and Mrs. Fred Scholl, Mr. and Mrs. Louis Scholl, of Polo; Rev. Edwin Bollman, of Benedict, Neb.; Mrs. R. L. Zigler, Miss Minnie Zigler, and Marcus Zigler, of Woosung, the three latter the mother, sister and brother of the groom.

The bride has been a teacher in the Lee and Ogle county schools and met with a great deal of success. Mr. Zigler is a prosperous farmer and they will reside on his farm near Woosung, where they will be at home after August 1st.

HARVARD COUPLE WED HERE—

At the Methodist church this afternoon at one o'clock the marriage of Guy B. Wakeley and Miss Ruby Teeple, both of Harvard, Ill., took place, with Rev. Ernest C. Lumsden officiating. Attending the bride was her sister, Miss Irma Teeple, and Arnold Kolis, also of Harvard, served as best man. Mr. and Mrs. Teeple, the bride's parents, and Mrs. Wakeley, the groom's mother, were also present. The entire party motored to Dixon this morning from Harvard and returned there this afternoon, while Mr. and Mrs. Wakeley took the 4:11 train to New York, Philadelphia and Boston. Mr. Wakeley is in the men's furnishings business in Harvard and Mrs. Wakeley has been a teacher in the Harvard schools.

WAR MOTHERS' COUNCIL—

A meeting of the War Mothers' Council was held at G. A. R. hall Tuesday afternoon, the singing of America and the repeating of the Lord's Prayer opening the program. Reports were heard from both the secretary and the treasurer. A new service flag of gold stars for those who have been discharged and who afterwards died, will be made, as the War Mothers desired to keep a record of all her "fighting men." Mrs. W. G. Kent opened the program proper with a spirited talk on the League of Nations. Mrs. Kent paid a tribute to both the flag of France and to that of the United States when she

said she hoped "the Red, White and Blue" would become the flag of all nations. Her talk was ended by the singing of The Marseillaise, the song of her native land.

Miss Mae Mueller gave a reading "Helpful All Things Seem to Be" which was followed by another reading by Mrs. Nettie Coakley, entitled "The New Church Organ." Both numbers gave a great deal of pleasure.

A social session followed the program and ice cream and cake were served. Forty-four members and ten guests were in attendance.

The next meeting will be held in September.

TO BE CHURCH WEDDING—

A large church wedding of Wednesday, July 2nd, will be that of Miss Althea Roe, daughter of Mrs. Fred Roe, of Franklin Grove, and Russell Burleigh, of Sterling, who recently returned from overseas service. The ceremony will take place in the Methodist church of Franklin Grove. Miss Seville Crawford, of this city, will be one of the six bridesmaids. Mrs. Earl H. Palsgrove, Miss Roe's sister, will be matron of honor. Mrs. Elbert M. Goodsell, of Dixon, will sing, "O Promise Me," before the ceremony. One-hundred fifty invitations have been issued for the wedding and the 1 o'clock breakfast at the bride's home.

PRESENT CAR TO PASTOR—

Rev. R. B. Helsey, former pastor of the St. James and Nelson township Lutheran churches, was kindly remembered last Thursday by his congregation at Chapman, Kan., where he has been since leaving Dixon. Friends and members gathered at the parsonage in the early evening and a new Ford touring car was run up to the front and presented to Rev. Mr. Helsey who expressed his appreciation of the gift of his people. The necessary funds were easily raised because of the popularity of this good man and the knowledge that he will put the care to good use.

ENTERTAINED—

Mr. and Mrs. Dorsey Lightner entertained Tuesday evening Miss Hawker, of St. Louis and the Messrs. Jonth Cecil and Dewey Parke. Piano and Victrola music entertained during the evening and enjoyable refreshments were served by the hostess.

Motion to Dismiss Townley Indictment is Denied By Court

By Associated Press Leased Wire

Jackson, Minn., June 25.—Taking of testimony at the trial of President A. C. Townley of the national non-partisan league and Joseph Gilbert, a former league organizer on an indictment charging conspiracy to commit sedition was begun in district court here this forenoon, after Judge E. C. Dean denied a motion of the defense to dismiss the case. The defense asked dismissal on the ground that the indictment charges more than one offense and that the action usurps the power of the federal government to prosecute disloyalty cases.

Ole Thorson, judge of probate at Lakefield and chairman of federal county war board, testified that on January 18, 1918, county authorities sent a letter to non-partisan league headquarters notifying the league that it could not hold meetings in Jackson county. Thorson testified that on January 23, 1918, Joseph Gilbert came to Lakefield and said that the county authorities had no right to stop meetings and that the league would take a test case to the federal supreme court if necessary.

DIXONITE'S FATHER MORTALLY HURT IN FALL AT STERLING

George and Cyrus Hefley of this city were called to Sterling this morning by a message announcing a serious accident which befell their father, L. L. Hefley, who was probably fatally injured in a fall from a cherry tree. The injured man, who is 83 years of age, fell about fifteen feet to the ground when a limb on which he was standing broke, and it was reported at 1 o'clock that he had suffered a broken hip, a broken leg and probable internal injuries. Because of his age it was feared the injuries would prove fatal.

Would Allow State to Use Alcohol in Time of Epidemic

By Associated Press Leased Wire

Washington, June 25.—Under an amendment to the prohibition enforcement bill, approved today by the house judiciary committee, a state would be permitted to withdraw, tax free, from government warehouses alcohol needed by health authorities in time of epidemic.

In offering the amendment Representative Goodknight, republican, West Virginia, called attention to the situation last year during the Spanish influenza epidemic and said many physicians had used whiskey as the best and most available remedy.

Another amendment approved by the committee provided that patent medicines containing more than one-half of one per cent of alcohol must be "unit for use for beverage purposes."

State to Send Rifle Team to U. S. Matches

By Associated Press Leased Wire

Springfield, Ill., June 25.—The civilian rifle team of Illinois which will represent the state in the national matches to be held in Caldwell, N. J., in August, will be selected at two contests, the first an elimination match to be held at Camp Lincoln and Logan July 29, according to Adjutant General Dickson, who announced the rules governing the contests today.

Hungarian Congress Orders Mobilization

Paris, June 25.—(Havas)—he Hungarian communist congress has ordered the general mobilization of all workers, a dispatch from Budapest says. The military situation is said to be unfavorable to Hungary and in addition the morale of the troops is bad.

Miss Mary McGinnis is visiting relatives in this city.

Showers Help Corn, Delay Haying, Says State Crop Report

By Associated Press Leased Wire

Springfield, Ill., June 25.—"Local and scattered showers were beneficial to corn but interfered with the wheat harvest and haying operations," says the Illinois weekly crop and weather statement given out here today by the weather bureau of the department of agriculture. The statement in part continues:

"Corn made excellent progress and cultivation was general, but the corn is weedy in places. Planting continues in the south. Spring wheat continues in good condition. The condition of winter wheat is excellent in the northern and central counties and fair to good in the south. Harvesting is good in the south and some is completed. The condition of oats varies, but is mostly fair to good. Oats are heading short. Pastures average good. Clover is being cut. Some lowlands are flooded. Army worms are damaging corn, meadows and winter wheat in limited areas."

LOOK FOR PLANE THIS AFTERNOON

Aviator Hassell of the Alfred Decker Cohn Co., of Chicago, makers of the Society Brand of clothing, was expected to fly over Dixon this afternoon between 3 and 4 o'clock on his return to Chicago from Sterling, where he delivered a shipment of clothing to the Society Brand clothing store. It was at first believed the aviator, who made a delivery of clothing to Valle & O'Malley of this city on June 12, would fly over Dixon on his way to Sterling from Chicago, but plans were made later for him to make the trip to the Whiteside county metropolis via Streator, where he also made a landing this noon. He was due to reach Sterling at 2:30 o'clock and return via Dixon and DeKalb, not stopping at either city, however.

Methodists Observe Southern Day Today

By Associated Press Leased Wire

Columbus, O., June 25.—With prospects for the largest crowd yet assembled at the exposition grounds, Methodists celebrated southern day at the centenary celebration today.

Principal speakers at the celebration today included Eva Ludgate, recently returned from France, and Alice Paul, chairman of the National Woman's party, who is here to plead the cause of suffrage.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

BELCHING Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach miseries. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and anemic, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

Millwork

When in need of Millwork or Interior Trim of any kind come to us.

Inferior, unseasoned material for inside finish is expensive at any price. Poorly finished, unseasoned lumber will not take stain, wax or varnish properly and the cracks and checks will be a constant source of expense and annoyance.

All Trim sold by us is beautifully finished and thoroughly seasoned.

We turn out this millwork ourselves, in our own mills. We know the Quality of our own goods and our prices are the lowest possible consistent with the Quality we deliver.

There isn't a girl who can't have the irresistible, appealing loveliness of perfect daintiness

Within the Curve of a Woman's Arm

A frank discussion of a subject too often avoided

A woman's arm! Poets have sung of its grace; artists have painted its beauty.

It should be the daintiest, sweetest thing in the world. And yet, unfortunately, it isn't, always.

There's an old offender in this quest for perfect daintiness—an offender of which we ourselves may be ever so unconscious, but which is just as truly present.

Shall we discuss it frankly?

Many a woman who says, "No, I am never annoyed by perspiration," does not know the facts—does not realize how much sweeter and daintier she would be if she were entirely free from it.

Of course, we aren't to blame because nature has so made us that the perspiration glands under the arms are more active than anywhere else. Nor are we to blame because the perspiration which occurs under the arm does not evaporate as readily as from other parts of the body. The curve of the arm and the constant wearing of clothing has made normal evaporation there impossible.

Would you be absolutely sure of your daintiness?

It is the chemicals of the body, not uncleanness, that cause odor. And even though there is no active perspiration—no apparent moisture—there may be under the arms an odor unnoticed by

ourselves, but distinctly noticeable to others. For it is a physiological fact that persons troubled with perspiration odor seldom can detect it themselves.

Fastidious women who want to be absolutely sure of their daintiness have found that they could not trust to their own consciousness; they have felt the need of a toilet water which would insure them against any of this kind of under-arm unpleasantness, either moisture or odor.

To meet this need, a physician formulated Odorono—a perfectly harmless and delightful toilet water. With particular women Odorono has become a toilet necessity which they use regularly two or three times a week.

So simple, so easy, so sure

No matter how much the perspiration glands may be excited by exertion, nervousness, or weather conditions, Odorono will keep your underarms always sweet and naturally dry. You then can dismiss all anxiety as to your freshness, your perfect daintiness.

Dr. Lewis B. Allyn, head of the famous Westfield Laboratories, Westfield, Massachusetts, says: "Experimental and practical tests show that Odorono is harmless, economical and effective when employed as directed, and will injure neither the skin nor the health."

The right time to use Odorono is at night before retiring. Pat it on the underarms with a bit of absorbent cotton, only two or three times a week. Then a little talcum dusted on and you can forget all about that worst of all embarrassments—perspiration odor or moisture. Daily baths do not lessen the effect of Odorono at all.

Does excessive perspiration ruin your prettiest dresses?

Are you one of the many women who are troubled with excessive perspiration, which ruins all your prettiest blouses and dresses? To endure this condition is so unnecessary! Why, you need never spoil a dress with perspiration! For this severer trouble Odorono is just as effective as it is for the more subtle form of perspiration annoyance. Try it tonight and notice how exquisitely fresh and sweet you will feel.

If you are troubled in any unusual way or have had any difficulty in finding relief, let us help you solve your problem. We shall be so glad to do so. Address Ruth Miller, The Odorono Co., 950 Blair Avenue, Cincinnati, Ohio.

Your dealer can supply you. Go to him today and get a bottle of Odorono of the size that you prefer. Regular sizes, 60c and \$1.00. Trial size, 30c.

PROCEEDINGS OF BOARD SUPERVISORS

(Continued from Yesterday.)

any medical attention having been given to said inmate. Detrick and one given to be found dead in his cot in said basement.

That when his body was removed for burial the bed clothes were in an extremely filthy condition, and his body was covered with bed sores and patches of skin were stuck to the bed clothes.

That on one occasion an old lady inmate named Alice Vann was taken sick in the evening and had no care and was found dead the next morning. After her death was discovered Mrs. Clyde Wicher called on Dr. Powell in Dixon on the telephone and told him that something was the matter with Alice and that he had better come out right away, which he did, and the doctor was told that said Alice Vann had died after calling the doctor.

That during the month of July, 1916 and again in the month of September, 1916 upon instructions from the said Clyde Wicher, he took one hundred pounds of sugar to Joseph McCleary at the latter's residence in Dixon.

That in the latter part of September under similar instructions, he picked out about 12 bushels of potatoes from the said infirmary and delivered them at the residence of the said Joseph McCleary, and put them in the latter's cellar. That said potatoes were not measured or weighed to his knowledge.

That on or about December, 1915, a hog was sold or given to Otto Witzel who was doing the plumbing work on the new building, said hog was taken to Nachusa where it was butchered.

That afterwards said Otto Witzel told deponent that he did not know how much it weighed.

That during the time first mentioned deponent discovered in the said infirmary five or six large boxes packed with all kinds of goods, including clothing, glassware, silverware, table cloths, towels, bed clothing, tools and miscellaneous hardware; also that there were two large tool boxes, one of which was known to contain tools belonging to Lee County, while the other, which was said to contain the private property of said Clyde Wicher, and that deponent on one occasion investigated the contents of the latter tool box and discovered it to be filled with new high grade carpenter, machiner and plumber tools of all descriptions.

John Heckman of Dixon, County of Lee, State of Illinois being first duly sworn on oath deposes and says:

That he is of the age of 72 years. That in the summer of 1916 he had his foot smashed by a falling timber and blood poisoning had set in, and he was taken to the County Infirmary by A. P. Tourtellot who told him that he would get good treatment there.

That before going there Dr. Parker had given him some treatments but after being at the said infirmary, Dr. Parker was called to give attention to his foot.

That after three or four days Dr. Powell examined the foot and found it in bad shape through inattention and he amputated one toe and left medicine with Clyde Wicher to dress the wound.

That said Clyde Wicher failed to give the wound proper attention and about three days after the said Dr. Powell amputated two other toes, which he said had become infected from neglect.

That he endeavored to treat the wound himself but that said Clyde Wicher cursed him and told him not to touch the medicine.

That after the last amputation, for about four days, he was unable to get his foot dressed by the said Clyde Wicher and that when he appealed to him to give the wound the required attention, which was causing him great pain, said Clyde Wicher again cursed him and told him to get off the place and stay away.

That he was unable to bear the weight of his foot upon the ground, but with the aid of a pair of crutches he managed to get to Ekliden without any other assistance and returned to Dixon on the next train.

That he immediately went to Dr. Parker who examined the foot and told him that it was in a dangerous condition from neglect.

That during the last visit of the said Dr. Powell at said infirmary he was told by said Clyde Wicher that he not to come again to attend to deponent's foot as it was not needed.

W. E. Crews, of Dixon, Illinois, first being duly sworn on oath deposes and says:

That in the summer and fall of 1916 he worked on several occasions for a few days at the Lee County Infirmary for Clyde Wicher who was then Superintendent.

That on one occasion one George Wicher, an old feeble minded inmate was employed in the kitchen of the infirmary and was coming into the dining room at dinner time and said Clyde Wicher cursed him for doing something incorrectly and also beat, kicked and choked said inmate viciously and locked him up.

That on another occasion I saw C. W. Wicher curse and kick one Thomas Duffy who was a harmless old soldier but who was feeble minded.

That on every occasion that deponent worked at said infirmary he noticed that the inmates were used more like slaves than human beings and were harshly abused and ill treated by said Clyde Wicher.

Therefore be it Resolved by this Board that further application from Clyde Wicher for Superintendent of the County Home shall no longer be considered by this Board.

JOSEPH BAUER.

Which motion was duly seconded by Supervisor Dysart.

Thereupon Supervisor Aschenbrenner offers the following amendment to said motion, That said motion be laid upon the table until the September meeting of this Board, and now said amendment to said motion coming on for a vote of the Board, and a roll call being demanded the Clerk proceeded to call the roll and the result of said vote was as follows:

Those voting aye: Supervisors Richelson, Heibenthal, Aschenbrenner, Banks, Sterling, McCleary, Spencer, Gorch, Dysart, Buckaloo, Andreas, Ewald, Cortright, Brucker, and Montanov—15.

Those voting Nay: Supervisors Todd, Bauer, Long, O'Malley, Buckley and Meyer—6.

Which amendment was declared carried, and now the original motion as amended coming on for a vote of the Board and the Chairman having put said question, the said motion as amended was by the Chairman, declared carried.

Chairman Banks, having requested Supervisor Edwards to take the chair Mr. Banks proceeded to the floor and addressed the board as an ex-member of the County Home committee and against the charges and affidavits against said Clyde Wicher as such Superintendent, he thoroughly investigated by the County Home Committee, which motion was duly seconded by Supervisor Ewald and said motion now

Herbert H. Schultz of Dixon, Lee County, Illinois, first being duly sworn on oath, deposes and says:

That he was a tenant of a farm adjoining the County Infirmary in South Dixon during the summer in said year his attention was called to shouting and cursing going on just across the road separating said infirmary from his farm; that he saw an old man apparently an inmate of said infirmary, being down to pick up a wheelbarrow and Clyde Wicher, the Superintendent of said infirmary was shouting and cursing said old man and kicking him violently; that said old man was walking towards the cot pile and said Superintendent was kicking him continuously for at least fifty (50) feet.

That at several times he worked for the said Clyde Wicher at farm work, and has on many occasions noticed that many of the inmates who were old and feeble required to work harder than he believed humanity should require.

Particularly on one occasion he remembers during the fall of 1918 one old soldier named Thomas Duffy was forced to work hard and was in the barn leveling the shelled fodder; that said Thomas Duffy, who is feeble minded and of great age, evidently had great difficulty in doing the work; that said Thomas Duffy endeavored to quit work from fatigue but was forced to his labors by James McLaughlin, who is a brother in law of the said Clyde Wicher, and was foreman on said farm.

That on many occasions inmates were prevented from talking to people outside of the regular employees of the farm, evidently for the purpose of preventing said inmates from revealing the conditions which prevail at said infirmary.

That deponent has never had any disagreement or trouble with the said Clyde Wicher or the said James McLaughlin.

BUCKALOO'S BROKEN ANKLE IS MENDING

DeKalb Chronicle: Allen Buckaloo, manager of Valle & O'Malley store, who suffered a broken ankle some time ago, (and has been suffering some ever since), gets down town occasionally with the help of Tom Cavanaugh and his car.

Buckaloo does not look just right hobbling around on a pair of crutches but says that is better than having to be kept indoors all the time. And then he can keep a watchful eye on the business, and keep acquainted with his friends by coming to town once in awhile.

BRITISH LABOR PLAN TO FORCE THEIR DEMANDS

By Associated Press Leased Wire

Southport, Eng., June 25.—The main interest of the outside world in the 19th annual conference of the labor party which opens in Southport today, lies in the question of using industrial action to secure political aims. An influential section of the triple alliance of miners, railway men and transport workers has long favored exercising the power of the alliance to compel compliance with the demands for the abolition of conscription, the withdrawal of troops from Russia, the release of conscientious objectors and other objects. These leaders were deeply disappointed at their recent failure to induce the parliamentary committee of the trade union congress to call a special conference to discuss the proposals.

The action taken by the executive of the triple alliance last night in deciding to convene a special conference in London July 23 to consider action to compel the government to comply with the three principal demands, was independent of today's conference. The action taken by the London conference, however, will be materially affected by the attitude of the present conference, at which the controversy between the advocates of industrial and constitutional methods will be discussed from every angle in the debate on the various resolutions and amendments before the body, as it is known that there is considerable divergence of opinion among the labor men on the question. Among other matters awaiting the attention of the conference is the organ-

COUNTRYMAN FOLKS IN REUNION TODAY

Rockford, Ill., June 25.—The sixteenth annual reunion of the Countryman families of Winnebago, Ogle, Lee, Cook and DeKalb counties, was held here today, with several hundred members of the families present. The reception was held at the hospitable home of Mr. and Mrs. Millard Countryman, 917 Haskell avenue, and a good old-fashioned family dinner was enjoyed at the Court street Methodist church. The first reunion of the association, of which Calvin Countryman is president and O. L. Shaw is secretary, was held in 1902.

CORN UNSETTLED BECAUSE OF THE CROP CONDITIONS

By Associated Press Leased Wire

Chicago, June 25.—The corn market was unsettled today, varying crop conditions and a general opinion that a peace had been amply discounted in advance contributing to the initial weakness. The July option was relatively firmer than the more distant months. Selling orders induced a break early in the session. Opening prices which ranged from ½c higher to ½c lower with July 1.79½, Sept. 1.75 to 1.74½ and Dec. 1.52½ to 1.52, were followed by slight declines. Later the market crept away from the low levels.

Oats sagged with corn. After opening unchanged to ½c down, with Sept. at 68½c to 68½c the market sagged on all deliveries but later advanced fractionally with corn.

Provision prices moved in sympathy with corn products selling from 5c to 6c lower. The market closed firm 1c to 2½c net covering by shorts being a pronounced factor and late in the session prices were well away from the early figures. The market closed firm 1c to 2½c net higher with July 1.80 ¾ to 1.81, Sept. 1.76½ to 1.76½, and Dec. 1.54½ to 1.54½.
